#### Day 4: Shetland Islands (Scotland)

Experience the South Shetland Islands between ice and awe intensively – on deck as well as by Zodiac. Off the Antarctic Peninsula, your ship sails into the centre of the flooded caldera of Deception Island. Majestic glaciers and gigantic icebergs shimmer in Paradise Bay. The Lemaire Channel is also impressive, flanked by mighty mountains up to 1,000 m (3,281 ft) high. Icebergs ahead: at the bow and on the open deck areas, you can enjoy the best views of the white wonderland. You may even spot the flukes of blue whales, sperm whales and humpback whales as well as orcas. The South Orkney Islands are a lonely, glaciated world of icy wilderness located in the Scotia Sea. They are home to chinstrap and Adelie penguins, which can be spotted here. With luck, you'll also see icebergs drifting off the rugged coast. Find out how the polar explorers live at the Argentinian Orcadas Station (depending on weather and authorisation).

In addition, trace the footsteps of the explorer Sir Ernest Shackleton, who found his final resting place here in 1922.
