Itinerary

Day 1: Buenos Aires (Argentina)

Latin passion and European romance define the beautiful Argentina's capital, Buenos Aires, a dynamic city known for its wide-ranging architectural styles, contemporary and historical arts, and culinary experiences. Your journey into wonder begins with a warm greeting from the Captain and crew as you step on board Scenic Eclipse. Sip on a glass of Champagne and explore your luxurious suite, then join your fellow guests at the Sky Bar to toast the start of an unforgettable voyage. Please book your flight to arrive into Buenos Aires prior to 02:00 PM.

Arrives On: 10 Nov 26

Day 5: Falkland Islands (Falkland Islands (Malvinas))

Considered one of the wonders of the far Southern Hemisphere, the Falkland Islands overflow with natural beauty. The windswept green hills and clear waters lapping the white sand

beaches could be mistaken for a much more tropical location.

These remote and sparsely populated islands are a wildlife lover's paradise. The world's largest population of gentoo penguins is found here, in addition to king, Magellanic and rockhopper penguins. Up to 250,000 black-browed albatross nest in the Falklands, along with vast numbers of shearwaters and petrels. Fur and elephant seals roam sandy beaches, while the surrounding waters are home to whales and dolphins.

Discovery: Explore by Zodiac, kayak or stand-up paddleboard with possible shore landings (weather and ice permitting).

Arrives On: 14 Nov 26

Day 6: Falkland Islands (Falkland Islands (Malvinas))

Today we will call at Stanley^{^^}, the capital of the archipelago on East Falkland. Since the 18th century, ownership of the Falkland Islands has been clouded in controversy with conflict between France, Britain, Spain and Argentina. Following the Falklands War of 1982, the islands have been part of the British Commonwealth.

Today, the town has a distinctly British feel. Meander through its neat streets, visit the local shops and even stop at a typical English pub to share a pint with the friendly locals. The Christ Church Cathedral, with its striking whalebone arch, is a must-see.

Arrives On: 15 Nov 26

Day 9: South Georgia Island (South Georgia and the South Sandwich Islands)

Embark on an extraordinary journey today as you set foot on the remote and awe-inspiring island of South Georgia. Be prepared for the unpredictable weather conditions that characterise this region, shaping your itinerary along the way. Rest assured, your Captain and Discovery Team leader are committed to providing you with the safest and most rewarding experiences.

Prepare to be amazed by the abundant wildlife that calls this island home. From the majestic presence of thousands of king penguins reclaiming their territory to the sight of elephant seals and male fur seals staking their claim on the beaches, every moment promises unforgettable memories.

Discovery: Explore by Zodiac, kayak or stand-up paddleboard with possible shore landings (weather and ice permitting).

Arrives On: 18 Nov 26

Day 10: South Georgia Island (South Georgia and the South Sandwich Islands)

Beyond its remarkable wildlife, South Georgia Island is steeped in a fascinating human legacy. You may get the chance to pay your respects to Sir Ernest Shackleton, the renowned explorer, at his final resting place in the settlement of Grytviken^{^^}. Here, you can also see the

remnants of old whaling stations, with some ships left rusting around the bay.

Back on board, explore some of Scenic Eclipse's indulgent spaces, from the welcoming Observation Lounge to the expansive Senses Spa#. Soothe your muscles in the sauna or heated therapy lounge, join a yoga or Pilates class. Choose one of up to 10 world-class on board dining experiences tonight.

Discovery: Explore by Zodiac, kayak or stand-up paddleboard with possible shore landings (weather and ice permitting).

Arrives On: 19 Nov 26

Day 11: South Georgia Island (South Georgia and the South Sandwich Islands)

Fortuna Bay^{^^} is another potential landing site, subject to weather and ice conditions. It promises both abundant wildlife viewing and a wonderful panorama from the beach of jagged summit peaks and the vast Konig Glacier. It's home to a large population of king penguins, Antarctic fur seals, elephant seals, brown skuas, giant petrels and Antarctic terns. This site's varying tundra, curious penguins and seal pups will likely provide some of the best photographs of your voyage.

The Polar Discovery Team will share their knowledge of these remarkable creatures and explain how important the landscape is for the breeding and survival of different species on the island.

Discovery: Explore by Zodiac, kayak or stand-up paddleboard with possible shore landings (weather and ice permitting).

Arrives On: 20 Nov 26

Day 12: South Georgia Island (South Georgia and the South Sandwich Islands)

Enjoy one more day exploring the awe-inspiring beauty of South Georgia, where nature's grandeur unfolds in dramatic landscapes unlike anywhere else. Picture yourself amidst a mountainous island rising majestically from the sea, adorned with pristine snow and glistening glaciers. Get your camera and binoculars ready, as you may have the chance to witness incredible scenes unfolding before your eyes.

Discovery: When enjoying daily Scenic Discovery excursions, ask for your expert Polar Discovery Leader for photography tips and guidance on how to spot the wildlife around you. They will help you immortalise these incredible moments while cruising on the Zodiacs, kayaking and stand-up paddleboarding around impressive ice formations.

Arrives On: 21 Nov 26

Day 15: Antarctic Peninsula (Antarctica)

Arriving in Antarctica for the first time is unlike anything you have experienced before. Welcome to a challenging, unpredictable and stunningly beautiful environment that always finds a

way to surprise you. Step out onto your private verandah and see icebergs towering out of the ocean thousands of metres tall. Enjoy the daily search for penguins, seals and whales.

Due to the extraordinary nature of the region, your itinerary is open and dependent on the ice and weather conditions. Your experienced Captain and specialist Polar Discovery Team will use their expertise to design your voyage from day to day, making the most of 18–20 hours of daylight.

Discovery: Explore by Zodiac, kayak or stand-up paddleboard with possible shore landings (weather and ice permitting).

Arrives On: 24 Nov 26

Day 16: Antarctic Peninsula (Antarctica)

Remarkable wildlife encounters await during your time exploring Antarctica. Various species of penguins can be found here, with around twelve million penguins living on the Peninsula. Going ashore to visit a penguin colony is an unforgettable experience. Watch the sea for humpback, blue, fin and minke whales, as well as the distinctive black and white orcas.

At the heart of your Antarctic Voyage is the Polar Discovery Team of up to 20 leading experts with diverse qualifications, from science to geology, botany, history, photography, marine biology and glaciology. They will answer your most curious questions and be with you throughout every moment of your journey.

Discovery: Explore by Zodiac, kayak or stand-up paddleboard with possible shore landings (weather and ice permitting).

Arrives On: 25 Nov 26

Day 17: Antarctic Peninsula (Antarctica)

Today you may land at Portal Point^{^^}. Previously a British refuge hut, you will get the opportunity to walk up to see panoramic views from the snow-covered mountains surrounding you, looking over the ice filled ocean back to the ship that made all this possible. Sit down in the snow and take a moment to be still in the enormity of this place.

There are endless ways to experience Antarctica. You may be on Scenic Eclipse, watching from the comfort of the Observation Lounge, in a Zodiac with an experienced Polar Discovery Team member, or immersed in the environment in a kayak or stand-up paddleboard.

Discovery: Explore by Zodiac, kayak or stand-up paddleboard with possible shore landings (weather and ice permitting).

Arrives On: 26 Nov 26

Day 18: Antarctic Peninsula (Antarctica)

Be sure to pack your swimmers, because today you could be going for a swim. For many, the polar plunge is a once in a lifetime opportunity and a rite of passage for an expedition to Antarctica. Once throughout your voyage, Scenic Eclipse will stop and the team will set up the marina ready for the brave people who want to jump into the freezing Antarctic waters.

Invigorating, exciting, and surprisingly refreshing.

If you choose to skip the polar plunge, make sure you find a good viewing location as you feel the chills of everyone coming out of the water. Join them for a cup of hot chocolate or toast with a glass of

whisky.

Discovery: Explore by Zodiac, kayak or stand-up paddleboard with possible shore landings (weather and ice permitting).

Arrives On: 27 Nov 26

Day 19: Antarctic Peninsula (Antarctica)

Lemaire Channel^{^^}, renowned for its picturesque views and often referred to as 'Kodak Alley', could be our next exciting destination. Or you may visit Deception Island^{^^} as part of your itinerary. Nestled in the South Shetland Islands archipelago, it is one of the only places in the world that ships can sail directly into the centre of a submerged caldera of an active

volcano.

In the distance on a clear day you can see Mount Francis^{^^} standing tall as Anvers Island's highest peak, showcasing the rugged beauty of Antarctica. Every day is unique, you might get the chance to hike or spend time on the pebbled beach, enjoying the view surrounded by curious penguins.

Discovery: Explore by Zodiac, kayak or stand-up paddleboard with possible shore landings (weather and ice permitting).

Arrives On: 28 Nov 26

Day 21: Ushuaia (Argentina)

Arrives On: 30 Nov 26

Day 22: Ushuaia (Argentina)

Your voyage ends this morning as you farewell the crew and fellow guests. Disembark after breakfast to fly to Buenos Aires, taking away memories of a truly unforgettable experience.
