Slide open the floor-to-ceiling doors of your verandah suite to see icebergs sculpted by nature and glacial mountains rising thousands of metres from the ocean. Antarctica is a birdwatcher's paradise, with more than 40 different species, so keep your eyes peeled for wandering albatrosses, which has the largest wingspan of any flying bird, as well as shearwaters, giant petrels and more.

Due to the extraordinary nature of the region, Discovery excursions throughout your Expedition Voyage are dependent on the ice and weather conditions. Your experienced Captain and specialist Polar Discovery Team, who have made countless journeys to Antarctica, will use their expertise to design your voyage from day to day, making the most of 18–20 hours of daylight.

Portal Point^{^^} – a former British refuge hut – may be a potential landing site during your voyage.

in the world that ships can sail directly into the centre of a submerged caldera of an active volcano.
