You will arrive in Mohacs this morning. Straddling the Danube, this small Hungarian town was the site of the 16th century Battle of Mohacs, which led to the destruction of the Hungarian monarchy and the rise of Ottoman and Habsburg rule. From here, you will explore the surrounding regions with one of the following Scenic Freechoice excursions.

Freechoice:
Pecs city tour: First settled by the Romans and then later the Turks, and located close by the Croatian border, this richly historic and fascinating city is a melange of cultures. It's filled with Roman and Turkish architecture and ruins, elegant Baroque buildings, and is famous for its decorative arts and crafts, in particular porcelain. On a guided tour, you will see the city's first telephone exchange, which opened in 1885; the Turkish Bath of Pasha Memi, which was demolished in the late 19th century but unearthed in the 1970s; the county library and more.
Villany wine village: The region of Villany is known for its big, bold red wines, which account for most of the local wine production thanks to its sub-Mediterranean climate. The village is a charming place to visit, with rows of historic white wine cellars where you can sample some of the local reds. You will also visit an old mill.
Zsolnay Ceramics Museum: Founded in 1853 and still in operation today, Zsolnay Porcelain has a proud history of creating hand-painted decorative, ornamental, and architectural porcelains, and is known for its signature eosin glaze technique. View a splendid historic collection at the museum in Pecs, which is housed in the company's former factory.

After your touring this morning, visit the home of a local Croatian family and have lunch with the family members. Immerse yourself in this cultural and culinary experience, and enjoy an authentic meal prepared with fresh vegetables from the host's garden. North-eastern Croatia is the 'bread basket' of the country, so it is only natural that the villagers take great pride in their gardens. You'll be treated to a feast for both the palate and the eyes.
