Day 2: Dynjandi Waterfalls (Iceland)

Weather permitting, today you'll visit the jewel of the Westfjords, Dynjandi Waterfall. Feel the freezing mist on your face as you admire the cascading bridal veil falls and discover why it was nicknamed ‘the thunder’. Tumbling down seven tiers over 100 metres, it is one of the most

Day 3: Isafjørdur (Iceland)

Characterised by deep, blue fjords, separated by flat-topped mountains, Ísafjörður is the largest settlement in the Westfjords of Iceland. Explore remote Iceland from one of the most stunning towns in the country, with old timber framed houses and architecture. Bursting with a wealth of wildlife, keep your eyes peeled for birds and Arctic foxes on the cliffs, seals on the coast and whales in the surrounding ocean.

Day 5: Fridtjof Nansen Halvo (Greenland)

Unlike the rest of Greenland, the Sermersooq municipality (where the Fridtjof Nansen peninsula is located) is smooth and unbroken terrain. Here, the magnificent Greenland Ice Sheet flows right to the shore. The peninsula gets its name from famed explorer Fridtjof Nansen, who launched his pioneering Greenland venture from Umivik Bay. This 1888 expedition confirmed that Greenland was completely covered in ice.

Over the next several days in Greenland, countless moments await, from exhilarating whale watching to thrilling kayak excursions and invigorating polar plunges, promising unforgettable experiences.

Arrives On: 05 Aug 28

Day 6: Port information not found

Glaciers calving, rivers flowing, towering rock walls and colourful forests, the Skjoldungen Fjord is spectacular. Look up to admire huge crevasses and freestanding pillars of ice standing silhouetted against the Greenland sky. On the lower slopes, Arctic wildflowers will bloom amongst the dwarf birch and willow trees. Join the Discovery Team on the Observation Deck as Scenic Eclipse weaves through numerous icebergs in this narrow channel and learn about the archaeological remains that have been found in this region, suggesting people lived here over 4,000 years ago.

Day 7: Prince Christian Sound (Greenland)

Carving a breathtaking, naturally formed path that separates the mainland from the islands of Cape Farewell, Prince Christian Sound is one of Greenland's most scenic waterways and a highlight of any cruise in the region. Over a hundred kilometers in length, and flanked by

magnificent glaciers and granite cliffs, this narrow passage is only accessible during summer, when the largest ice blockades melt away.

With her elegant design and state-of-the-art technology, Scenic Eclipse brings you closer to the towering glaciers, icebergs and imposing peaks for unmissable photo opportunities.

The Icefjord is the mouth of the vast Sermeq Kujalleq Glacier, one of the world’s fastest moving and most active glaciers, calving a remarkable 46 cubic kilometers of ice annually.
