Your local guide shares expert insights about the sites you will see, including Roman temples, squares, arches, baths and theatres, often colonnaded and always astounding. See Hadrian's Arch, built in 129 AD, the ruins of the Temple of Zeus, the South Theatre, built to accommodate some 5,000 spectators, and the

meticulously restored North Theatre. Drive through Amman en route back to your resort hotel after lunch. Tonight, a Jordanian woman gives a lecture on the issues that her generation faces today that's followed by dinner at a choice of restaurants at the hotel.

Day 3: Petra, Jordan (Jordan)

Thousands of years of biblical history reveal themselves today on a visit to Mt. Nebo where you will see what Moses saw when he looked out over the Promised Land. Continue to Madaba for a visit to St. George Greek Orthodox Church where the remains of the oldest known map of the Holy Land, painstakingly assembled from more than a million pieces of colored stone, cover the church floor. Enjoy a home-style lunch at a local family-run restaurant and drive to the ancient Nabataean city of Petra, carved out of sandstone cliffs around 6 BC, where your hotel is just steps away from the archaeological site. Tonight, you have a choice of two restaurants for dinner at your hotel.

Arrives On: 24 Oct 27

Day 4: Petra, Jordan (Jordan)

Travel to a magnificent red rose city dating back to the 1st century BC. Ancient master builders carved palaces, temples, tombs and more into the stone cliffs you will see here today. Picture yourself standing in awe at the 130-foot-high Khazneh, (The Treasury), intricately decorated with Corinthian capitals, friezes, statues and more. Discover Royal Tombs, celebrating the achievements of the dead long gone and built high on the mountain side, and marvel at the ancient amphitheatre capable of seating more than 8,000 spectators, along with numerous temples sculpted in sandstone. Have lunch at a local restaurant, before returning to your hotel for an afternoon at leisure. Join us tonight for a Tauck Exclusive private tented dinner in the desert (weather-permitting), enjoying a fruit-infused hubbly-bubbly smoke, music and dancing by a local troupe of sword dancers.

It took 180 years to build, and during your guided visit, you'll discover why. Massive statues of Horus as a falcon guard the entrances, and the reliefs on its interior walls tell the story of the birth of Horus and depict Ptolemaic rulers making offerings to the gods and vanquishing their enemies. Return to your ship this afternoon for time at leisure, then disembark for a visit to the Kom Ombo Temple – just a short walk away from your ship. The temple's reliefs feature a unique engraving thought to depict the first known representation of medical and surgical instruments.

Day 9: Cairo (Egypt)

A morning private chartered flight brings you to the Nubian village of Abu Simbel for a locally guided visit to its massive temples, carved into a solid rock cliff and created during the reign of Ramesses II in the 1200s BC. The Great Temple stands 98 feet high, with four seated colossi flanking the entrance and smaller statues depicting Ramesses' conquered enemies lined up below. The smaller temple, about 40 feet high, is adorned with four colossi depicting Ramesses and two of his queens, Nefertari, each standing 32 feet tall. Return to Aswan this evening.

View the most instantly recognizable statue in the world, crafted in limestone with the body of a lion and the head of a king – the Great Sphinx has been mysteriously reclining atop its Giza plateau for more than 3,000 years, guarding still the unanswered secret of who built it and why. Next, visit the pyramids at Saqqara, the site of the necropolis (burial ground) for the ancient Egyptian capital of Memphis. The pyramid you will see here is the Step Pyramid, a magnificent reminder of the early architecture of the pharaohs of the Old Kingdom.
